

Select one of three embroidery styles: three-dimensional, relief effect or cross-stitch.

**Elna customer service and warranty:**

Elna offers personalized after-sales service on six continents by thousands of dealers, technicians and sewing specialists. Millions of people have chosen Elna for its quality, durability and reliability.

## Even our accessories are « magic »

Many optional accessories are available for your Elna EnVision CE20. Among these, the cloth setter, range of hoops and the Elna Scan EnVision enable you to transform your ordinary fabric into extraordinary fabric like magic.

The Elna Scan EnVision gives you the freedom to sew three-dimensional embroidery, relief effect or cross stitch. Memorize your designs, duplicate them precisely and change their size or color as desired. You'll be astonished and amazed at the results.

Easily accessible drop-in bobbin system.

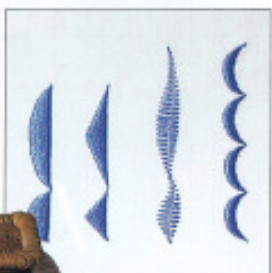

The **Elna EnVision CE20** automatically adjusts the thread tension for the selected stitch or pattern.

Just place a button in the **Elna EnVision CE20** buttonhole device: now you can sew one of the five different buttonhole styles on the machine and repeat the operation as often as you like.

For precision sewing, use the cloth guide accessory and set the sewing distance for a perfect seam allowance, hem or topstitching.

With the « **elongation** » function, certain stitches can be elongated up to five times their original length.

# Handles sewing like « magic »

*Six different sewing modes are right at your fingertips.*

*Ordinary sewing, decorative sewing, patchwork, monograms, professional embroidery and combination embroidery allow you to conjure up your own designs.*

*The choice is yours !*

The new **Elna EnVision CE20** computerized sewing machine is a veritable magic wand with its sensational display screen and memory capacity.

Store your personal settings and the machine makes sewing pure pleasure.

Now you too can enchant your friends with your magic touch.

Along with all the traditional functions of a prestigious sewing machine, the new **Elna EnVision CE20** also brings you a practically unlimited number of stitches and possibilities.

The feet supplied with your **Elna EnVision CE20** are carefully stored inside the machine. A stitch chart inside the top cover indicates stitch selection.

# The «magic» of patchwork

Your new **Elna EnVision CE20** quickly and correctly calculates the size and number of pieces to be cut for six patchwork designs.

You can pre-set the machine to sew the same length repeatedly. Same size piecing is done fast and accurately.

*Six patchwork designs are available:*

- *Baby blocks*
- *Lemon star*
- *Grandma's garden*
- *Mosaic*
- *Log cabin*
- *Nine patch*

Continue the magic using the new automated patchwork functions for your **Elna EnVision CE20**.

By combining patchwork, stencil quilting, freehand quilting and **Elna EnVision** card embroidery, you will be able to create unique designs that even a professional will envy.

The **Elna EnVision CE20** has a variety of special patchwork stitches. A walking foot that evenly feeds multiple fabric layers is a standard accessory.

The **Elna EnVision CE20** knee lifter allows you to raise or lower the presser foot without using your hands, especially beneficial for faster, more accurate results when pivoting corners or while sewing patchwork pieces.

The **Elna EnVision CE20** knee lifter leaves both your hands free.

Use the display screen arrows to reposition the embroidery hoop for perfect design placement.

Memorize your creations, change them as desired. Repeat the designs as often as you like and excellent quality is assured.

*The Elna EnVision CE20 display screen allows you to follow the exact progress of your work.*

*Combine as many elements as you like.*

## The «magic» of embroidery

Embroidery is yet another magic touch of the Elna EnVision CE20. You will be astounded once again!

Larger and more complex embroidery, cutwork and applique are just a few of the sewing techniques showcased on the optional Elna EnVision cards.

Personalize your creations by combining built-in stitches, **EnVision** card designs and your own ideas or illustrations scanned with the optional Elna Scan EnVision.

*To enhance your unique style, a multitude of designs are found on the optional EnVision cards.*

The Elna EnVision cards feature a variety of sewing techniques and designs.
