easycover

NEW IMPETUS TO YOUR SEWING PROJECTS

Equipped with optimum operational efficiency and an ability to handle all types of fabrics, the elna easycover will surprise you with its quality and ease of operation.

A cutting edge motor that offers you the very best results, not only in terms of quality but unparalleled comfort during use: always silent and stable. The new easycover is robust, silent and comfortable. It can adapt to all your needs by easily controlling the passage of thin elastic fabrics to coarser wool fabrics! Explore all the possibilities to customise and finalise your creations in an instant.

Control all coverstitches of your easycover

With ease thanks to the TLC - Tension Level Control setting which allows an easy passage of thin elastic fabrics to coarser wool fabrics in a blink!

ROBUST AND ADAPTABLE

Handle cover stitching thanks to its tension control that allows you to shift from a thin fabric to a thicker one with the same flexibility.

AT THE CUTTING EDGE OF TECHNOLOGY

Thanks to its cutting edge motor, the easycover is silent, fast, user friendly and threads easily thanks to its simple threading system!

PERFECT CONTROL

Our easycover guarantees you high quality results on all types of fabrics without changing your coverstitch settings!

FREE ARM

For a more comprehensive use, have fun discovering the art of finishing touches thanks to a collection of optional accessories.

easycover
